Street Plan Causes Row

MENLO PARK — Menlo Park taxpayers today faced the prospect of a 20 per cent increase in their city tax bills following budget discussions by the city council Tuesday.

At the close of the session it was indicated that the 57½-cent city tax rate for 1941-42 would be hiked to 70 cents, a 12½-cent increase.

Councilmen Charles Burgess and Paul Bryant, who submitted the budget figures, explained that the increase was necessitated by heavy anticipated losses in business licenses and building permits due to war conditions. It was estimated that building fees would be cut from $1074 to $300.

One of the heaviest increases in expenditures was listed in the police department where an increase of $25 per month was proposed for all members. In the current year police salaries were $9704 compared to a budget figure of $11,280 for the next fiscal year.

OFFERS MASTER PLAN

Bryant presented for approval of the council a master plan, showing suggested improvements in the Menlo Park street plan. Points of controversy involved widening of Santa Cruz Ave., and building of a traffic artery along the east side of the Southern Pacific railroad through the Hopkins and Mills estates, and through Felton Gables.

The plan asked for an 86-foot width for Santa Cruz Ave., with diagonal parking. Mr. Bryant proposed a 76-foot width.

Mayor Charles Oram declared that all this discussion was out of order, called for a five-minute recess, and the plan was approved as it stood.

William Cutter registered an objection to the new street through Felton Gables, saying that there was no traffic through there anyway. Bryant retorted that if no traffic was expected the street would never have been planned.

"These changes are for conditions 50 years from now," he said.

COMMISSION NAMED

As recreation commissioner he announced his recommendations for membership of a six-man recreation commission as follows: Jack E. Moore, James J. Leland, Edward Derry, J. S. Abreu, Mrs. Frank Becker and Mrs. John Gluntz. The council approved his choice.

Augustus Locke and Edward McGurrin were suggested for the vacancy on the council created by resignation of Joseph Day. No action was taken.

Bond, Stamp Sale Totals $32,376 During Week

Figures released Tuesday by Atty. Daniel E. O'Connell showed that last week, July 6 through 11, a total of $32,376.25 in war stamps and bonds was sold in Redwood City.

This amount brings to a total of $825,421.75 the amount of federal securities sold in the city since Dec. 7, $761,900 in bonds and $73,521.75 in stamps.

Of the figure for last week $29,156.25 came from the sale of bonds and $3,220.25 from the sale of stamps.

An average of $26,768.18 worth of the securities has been sold over the 30-week period since the Pearl Harbor bombing.

"Let's make it $40,000 this week."

Mounted Patrol Rides To Skyline Camp

Twenty-five members of the Mounted Patrol of San Mateo County participated in an overnight ride during the past weekend. Members from various parts of the county assembled at Woodside and rode from there to a point five miles west of the Skyline where a camp was set up.

More than 18 million persons in the United States live in unincorporated suburbs and villages, or in open country, but are not engaged in farming.

Hugh Smith Favorite For Executive

In Redwood City's second sample ballot, taken from members of the Exchange Club Tuesday, Hugh H. Smith, candidate for county executive, was an 18 to 2 favorite over Albert Witt Jr. for election. The incumbent, Frederick Petersen, polled 1 vote. Other results:

Controller—Thomas J. Kane 14, Albert Bullivant 3, A. T. Hasbrouck 5.

Tax Collector—John W. Poole 17, Ralph C. MacArthur 3, William J. Feary 2 and James J. Kehoe 0.

Coroner—Dr. J. C. McGovern 20, William F. Crosby 2.

Supervisor—Fred E. Beer 21, Richard T. McAllister 1.

Assemblyman — Harrison W. Call 20, Harley F. Morrison 1, Mrs. Ethel Nuckolls, 1.

The polls was conducted by Floyd F. McCue, publisher of the Redwood City Star Advertiser.

Chairman of the meeting was M. A. Grant, county engineer, who introduced Francis Tinney for a demonstration of short wave radio.

First sample poll of Redwood City voting sentiment, taken by McCue at a meeting of the Junior Chamber of Commerce, produced results similar to those tabulated Tuesday night.

Burning Oil Mop Calls Fire Department

Redwood City Fire Department was called to extinguish a fire in a garage back of Musso Drug Co., Broadway and El Camino Real, Wednesday. Damage was confined to a burned oil mop. The fire started from spontaneous combustion, according to Fire Chief Mark E. Ryan.

The local firemen were called twice to extinguish grass fires in the rear of the Old Mill Flower Shop Wednesday afternoon. First call was at 4:08 o'clock and the second was at 6:09 o'clock.

DRUNK DRIVING ARREST

Merritt C. Williams, 40, 241½ Harrison St., Redwood City, was arrested Monday night on charges of drunken driving on El Camino Real near Wilson St. by Redwood City police and was lodged in San Mateo County jail.

Maybe You Can't Match This, But—

Scrap metal on a wholesale scale, this 10-ton section of suspension cable—a sample of that used on the San Francisco-Oakland Bay Bridge. The section was first exhibited at the Ferry Building in San Francisco after the bridge opened in 1936; later was displayed at the Golden Gate Exposition. Then it was removed to its present site at the main entrance to the Bay Bridge Terminal. Columbia Steel Company officials said the section will be taken to company's mills at Pittsburg, Calif., to be cut up for scrap. Patricia and Sheila Herlihy, employes of the company, call attention to the need for more scrap by affixing a sign to the cable.

Witte Re-Elected Planning Head

Henry Witte has been re-elected chairman of the Redwood City Planning Commission following a meeting conducted Monday night. Elected secretary was Mark Larwood, recently appointed to the commission by Mayor Floyd D. Granger.

During the session a permanent improvement fund involving a 5-cent city levy was proposed and recommended to the city council. Money from this fund, commissioners said, could be used for permanent improvements such as city buildings and streets. The commission will recommend to council that this levy be included in the city budget each year.

A suggestion was made by Albert H. Morgan Jr., commissioner, that the Robertson property near the intersection of Jefferson Ave. and Middlefield Rd. be acquired by the city for future development of the fire department and Witte was authorized to contact the owner regarding prife figures.

Discussion was made of the Reber plan, which contemplates damming San Francisco Bay at a cost of $116,700,000 to promote shipbuilding in the Bay Area.

The commission expressed its appreciation to C. M. Doxsee, recently retired commissioner, for his work since the commission was formed in 1922.

Thirty-five hours in the air is the minimum required to obtain a private pilot's license.

Local Firm Holds Flag Ceremony

Employes of the local Johns-Manville plant joined with 13,000 J-M employes at 75 other locations throughout the United States Tuesday in unfurling Minute Man flags—the recognition given by the U. S. Treasury Department to all companies with 90% or more workers buying U. S. War Bonds regularly.

One hundred per cent of the local J-M organization is now making regular War Bond purchases, and they took part Tuesday in a Minute Man flag unfurling that was duplicated at this same hour in every other J-M office and factory in America.

European butterfish lay their eggs in empty oyster shells.

Opposition Shown To Executive

There is a definite re-action in San Mateo County against the present discord in county government, the dictatorial attitude of the county executive, and his attempts to keep his opponents off the ballot and thereby perpetuate himself in office by legal technicalities, according to James H. Kane, San Mateo manager for Hugh H. Smith campaign for county executive.

Kane declared that in the past week surveys and reports coming to the Smith headquarters at 30 25th Ave., show sharp criticism of the county executive's "arrogant attitude in the conduct of his office," and in trying to stifle opposition to his candidacy. He added the executive's attempts to freeze out his opponents have won Smith thousands of supporters from every section of the county.

"We knew," Kane said, "there was wide-spread dissatisfaction with the county executive's failure to even try to get along with other county officials. We got a very pleasant surprise when we learned just how far that criticism has extended since the executive tried to force the people to keep him in office.

"If Smith's chances of becoming county executive were good three weeks ago, they are excellent today. The county executive's ill-starred political blunder has stirred bitter resentment among the citizens of San Mateo County, who like to decide things for themselves. When a public official tries to force the people to retain him in office, we are fast losing the democratic way of life and entering into dictatorship. It will not work here.

"From every section we are receiving voluntary offers of help with the campaign to elect Smith. People who ordinarily take no part in politics have been so aroused by this affrontery that they are coming in and offering their services. They are beginning to look closely into the executive's record.

"Voters all over the county are becoming more and more impressed with the fact that if we really want to give our best to the victory effort and home defense program, we must have unity and a type of leadership in county government in which we can have confidence. They all ask the same questions: 'What does the executive do? How does he spend his time? What has he done to merit being continued in office?' When the people make a determined effort to learn the truth, they usually do. Then there will be some changes made.

"Yes, the Smith campaign is in full swing, and never were we more encouraged by the indications that people finally are awakening to the fact that we are fighting all over the world to stop some of the things going on right here at home. Our survey shows 80 per cent of the voters in favor of a program of unity and co-ordination of effort in our county government, and the elimination of the present arrogant and dictatorial methods of the county executive. That means a new county executive in August."

Blood Given At Local Bank

One hundred local donors gave their blood to the work of the Blood Bank when the county mobile unit made its visit to Redwood City Friday, Mrs. Richard Schmidt of the local Red Cross chapter declared.

Among the donors was the family of State Patrol Officer Manfred Walzberg, his wife and two sons, who each contributed a pint of blood. More donors are wanted, Mrs. Schmidt said, for the need is increasingly great.

Registrations are now being taken for the next visit of the Blood Bank unit, Aug. 14, at the Congregational Church. Any person in good health between the ages of 21 and 60 is eligible, and all who wish to serve their country in this time of need are urged to call at the Red Cross headquarters at Broadway and Jefferson, or call 118, Mrs. Schmidt stated.

AHHH! The Ole Home Town Paper Looks Good!

Most of us have a son, a brother, a husband, a sweetheart or a friend at one of the army camps throughout the world. Chances are he's kind of lonesome for some news about the "goings on" back home, and there isn't a better way to let him in on them than by sending him a daily copy of the Tribune. It's a swell gift and one that he'll appreciate because he'll want to keep in touch with local affairs. All the familiar things—the "funnies," the sports page, the features, the ads, the gossip columns and the news will help keep him from getting lonesome. Arrange for a subscription for him today!

Entered in the Post Office at Redwood City as Second Class Mail Matter under the Act of March 3, 1879.

Bond, Stamp Sale Totals $2762

Redwood City Odd Fellows, who conducted the weekly street sale of war bonds and stamps Saturday, today counted the results and announced that the total stood at $2762.50. Gene Barrett, head of the committee in charge, expressed his thanks to his assistants, and to the police department, for their cooperation. Barrett said he considered the results highly satisfactory in view of the fact that most regularly paid persons are now on the "10 per cent" deduction plan. Barrett handled the microphone throughout the sale.

Calvin Bunyard Fined $75 on Whiskey Charge

Calvin Bunyard, proprietor of "Cal's Place" at 768 Woodside Rd., Redwood City, this afternoon paid $25 each on three counts of possessing adulterated and mislabeled whiskeys. The fines, totaling $75, were imposed by Judge E. I. McAuliffe. Bunyard pleaded guilty following his arrest by state officers July 2.

The Donbass produced 61 per cent of Soviet coal in 1938 and nearly half of its steel.

There are about 30,000 miles of navigable rivers in the United States, the Department of Commerce says.

At the last Census of Manufactures, the annual production of radios for police use was approximately 5000 sets.

Library Trustees Elect Officers

Sanford B. Dole was elected president of the Redwood City Library Board of Trustees for the ensuing fiscal year at a meeting last week, and Mrs. Z. T. Thorning was elected secretary-treasurer.

There were 121 new members who joined the library during last month and 1830 visits were made to the reading room for newspaper and magazine reading, it was reported. The librarian's monthly report showed a June circulation of 12,555 volumes.

Among the most actively used books are those of a technical nature, used by the many defense workers who are library members, and books covering the present world war situation which are in ever increasing demand.

"Y" Still Offers Camp Privileges

Andrew Stevens, YMCA worker in Redwood City today announced that there are still places for boys who would like to attend "Y" summer camp at Jones Gulch near La Honda.

Although 90 boys have already signed, 70 of them Peninsula residents, Stevens said the organization could still accommodate others.

Applications should be in by tomorrow to either Stevens at 430 Arch St., Redwood City, or to Glenn Snyder, Peninsula "Y" executive, 1204 Burlingame Ave., Burlingame.

Electric waffle irons and griddles for household use produced annually in this country number more than 700,000, according to census figures.

Fire Bug Hunted In Woodside Blaze

WOODSIDE — Firemen from the Woodside fire district extinguished their third incendiary fire Wednesday morning and are still searching for both a motive for the arson and the arsonists.

Chief John Volpiano said that he had convincing evidence that a fire which broke out on the Stanford-Portola Rd. near the Burke Ranch here had been set, but maintained that this blaze like the other two this week and last "could not possibly aid the enemy."

There was nothing within reach of the flames which would hamper the military effort if it did catch, he said.

Firemen, he said, are working on tips in their possession to capture the culprits.

Horsemen Plan Barbecue, Sports

The San Mateo County Horseman's Association will have a barbecue and day of sports Sunday. The barbecue will start at 12 o'clock noon on the grounds of Crystal Lake Stables on the Crystal Spring Rd., San Mateo, opposite the relief home, E. J. Spillane, president, announced today.

On the program are "horseplay events" such as "nightgown" race, ring spearing and musical chairs. Trophies and ribbons will be awarded winners. The affair is being held under supervision of Sal Cassilas and Hollis Baker. Entry fees will be accepted at the arena.

The Federal Bureau of Investigation secured 83 convictions of crimes on the high seas in the last fiscal year.

Augustus Needs Election Officials

County Clerk W. H. Augustus today feared his office will become the latest victim of the national manpower shortage when he sent an urgent call for additional volunteers for the well-paying job of election officer for the Aug. 25 primary elections. Several precincts have no applicants, he disclosed. He requested that those who desire to serve file their applications by letter, stating their previous experience on election boards and giving their residence address.

Volunteers Turn Out

Redwood City Fire Chief Mark E. Ryan was "very pleased" with the showing the fire department auxiliary made in a drill simulating bombing raid conditions Saturday evening.

The chief said that 100 men turned out for the exercises, speeding the time of their answering of calls.

Tally sheets from companies showed, the chief said, that all calls were answered and the trucks returned to their depots within 10 minutes of the receipt of the call.

"This, of course, does not mean that the fire was out," Ryan explained. "We answer calls with special trucks which take a crew of volunteers and hose lines to the scene of the blaze and then returns to answer another call."

Ryan explained that this means was necessary because if incendiary bombs were used by the enemy it is probable that as many as 200 separate fires would be started.

Morris Brothers Enlist in Service

Victor and Leroy Morris, sons of Mrs. Pearl Morris of 39 Finger Ave., both are now in military service. Victor, 18, is in the U. S. Army at Camp Roberts and Leroy, 17, is at the U. S. Naval training station at San Diego. Both are former Sequoia High School students. Victor graduated in June. Both were Tribune carriers for several years.

The earth's axis continually points in the same direction.

Deal for Barge Construction Here Off, Official Says

Because of the soggy composition of soil at the Port of Redwood City, construction of a proposed plant to build seagoing cement barges there appears today to be definitely impossible, A. A. Moran, manager of the port, announced Tuesday.

Interested in the plant construction was the firm of MacDonald and Kahn Inc., San Francisco, but following the making of tests last week it was decided that walls of basins needed for the work would probably "cave in."

Tests were made under the direction of Felix Kahn, representing the ship builders, and the report was made to Moran today.

Contemplated had been the digging of four basins 26 feet below the level of the soil and construction in them. If the plant could have been built in Redwood City it would have entailed the employment of approximately 3000 men.

Shipbuilding firm officials are testing land elsewhere in the Bay Area in an effort to obtain suitable soil, Moran said

Mussos Purchase Four-Court Building

Mr. and Mrs. Frederick G. Musso of Redwood City have purchased from Robert C. O'Neil of King City a four-court building on Clinton St. between Whipple Rd. and Hopkins St., Redwood City, for $15,500, it was announced today by Chapple Realty Co.

The company also announced the recent sale of the Louis C. Christensen building at 747 El Camino Real to August Helwig, San Francisco, for $25,000.

Deeds in both transactions were recorded at request of San Mateo County Title Co.

Al Bechet, Formerly Of R.C., Now in Army

Al Bechet, formerly of Redwood City, has left his job as district manager of F. W. Woolworth Co. in Southern California to enter active duty as first lieutenant in the U. S. Army.

Bechet, former manager of the local Woolworth store, was active in civic and sports activities while here. He was transferred from Redwood City to Long Beach. He was manager of a top-notch girls softball team, which he brought to Redwood City in the Spring for the first game of the 1942 season at Hawes Park.

40 Volunteer As Wardens

SAN CARLOS—Forty persons have volunteered as daytime air raid wardens in San Carlos, according to Mrs. William Stevenson, who is assisting William Herbert, chief air raid warden, in recruiting wardens.

At a meeting held recently at the City Hall, 23 women were present for discussion of their duties. Mrs. J. G. Maltman, chairman of the ambulance corps and Kenneth Thompson of the rescue squad were present and gave talks on their branches of Red Cross work.

The day time air raid wardens will meet every Tuesday, starting tonight at 8 p.m. at the San Carlos school for general instruction. Thursday evening these women received their fire defense instructions from Julius Edling, and Merritt Hosmer, San Mateo County gas defense instructor, is giving them their gas defense instruction. With most of these women having already completed their first aid course, it is expected they will soon be completely qualified as air raid wardens.

Fremont Rifles Plan War Training Program

MENLO PARK—The Fremont Rifles, Menlo Park's unit of the state militia, will train every Wednesday night at 7:30 and every Wednesday night at 7:30 and every Sunday afternoon at 2 o'clock in the grounds of the Church of the Nativity on Oak Grove Ave., it was announced today. Men between the ages of 16 and 65 are eligible for enrollment. They will receive special training in observation, scouting and sniping.

Those interested in joining may do so at the office of the Menlo Park Gazette and can obtain information from Lieut. W. H. Gilson, 820 Olive St., Menlo Park (Palo Alto 7035).

Bees keep warm in the Winter by huddling in clusters. They constantly work their way from the outside of the cluster to the inside, and back again. The exercise keeps them warm. The temperature at the center of the cluster always is about 98 degrees.

Andrew W. Garbarino Jr. Naval Air Instructor

Andrew W. Garbarino Jr., recently advanced to the rank of lieutenant, junior grade, U S. Naval Reserve, is an instructor in the "university of the air," the navy's air station at Corpus Christi, it was disclosed here. He is the son of Mr. and Mrs. A. W. Garbarino Sr., 440 Madison Ave., Redwood City. He is a graduate of University of Santa Clara and has been attached to the naval air station since May 31, 1941.

Instructors, the navy school points out, have no easy task. From dawn to midnight they teach rudiments of flying in two-seater trainers, standing at the controls while cadets "fly blind" with instruments, leading formations, dog fights and dive bombing hops, constantly checking progress charts and evaluating the progress of each pilot under them.

Woodside Resumes Daily Time Signal

WOODSIDE—On orders of the fire commission, Fire Chief John Volpiano tomorrow will resume sounding the 8 a.m., noon and 5 p.m. fire signals he has announced. The time signals were discontinued at the outbreak of war to minimize confusion with air raid signals. The commission's new order gives the district the following signal code:

Fire in Woodside: Two whistles repeated once.

Fire in Portola: Three whistles, repeated once.

General fire alarm: Seven whistles, repeated once.

Air raid: variable (up and down) signal for two minutes.

All clear: steady tone, two minutes.

An annual production of nearly 200 million needles is necessary to keep American knitting machines in operation, the Census Bureau states. This includes more than 116 million needles of the spring-beard type and 72 million of the latch type.

United States Marines introduced the western art of boxing to the Chinese.

Pilot Officer Gover Undergoes Operation

SAN CARLOS — Pilot Officer LeRoy Gover, RAF, who underwent a tonsilectomy in a military hospital in England June 19 and has been seriously ill since, wrote from his bed to his parents, Councilman and Mrs. Roy D. Gover of Cedar Ave., that arrangements were being made for his convalescence at a wooded country estate which was his preference when asked by authorities what kind of a place he would like to go for recuperation.

In a previous letter, LeRoy said that he was stationed near Bournemouth in the south of England and that on one of his periodical weekend leaves to London, when he looked forward to meeting some fellow members of the American Eagle Squadron, he attended the opera there and was invited back stage to meet Bebe Daniels and her husband who live in England now and at their invitation he joined their party at one of the night clubs.

The proportion of foreign-born persons is reducing rapidly, explains the census, because immigration has been greatly restricted since 1914 and higher death rates prevail among the foreign-born because of their increasing average age.

84 YEARS OF SERVICE TO HOMES AND INDUSTRY
Johns-Manville Journal
JOHNS MANVILLE JM PRODUCTS

25 Years Of American Teamwork

Right now this world sometimes looks like a world of all-round argument and hopeless battle.

Can anybody get along peacefully with anybody, anymore?

Well, something pleasant and heartening happened the other night at the J-M plant in Manville, N. J., to make the world look a little better.

It showed, at least, that a democratic relationship exists in American industry.

On that night, 24 workers were added to the Johns-Manville Quarter Century Club which includes all J-M employees with 25 years or more service, and which now has 495 members with a combined work record totaling 150 centuries.

These men and their company have pulled cars together for a long time through fair and stormy weather.

These veterans feel secure in their jobs and the company is proud of their loyalty.

A glance at the names of those 24 new members at Manville will supply

an inspiration to every American. There was one of J-M's Negro foremen. There were Russian, Polish, Italian, Ukranian, Dutch, Slav, Hungarian, Scotch, East Indian and Irish names. Typical real Americans who have worked shoulder to shoulder for 25 years or more . . . .

. . . and all teamed up now stronger than ever in our country's battle of production.

Where but in America could you find such a thrilling example of the true meaning of world freedom?

J-M FAMILY ALBUM

MORE FOOD FOR FREEDOM—By means of travelling displays carried in special trailers Johns-Manville is showing farmers how to use available materials for constructing more storage space and how to keep existing farm buildings in the best possible repair. These travelling displays are part of J-M's program to help relieve the pending shortage of farm storage space.

1600 Ideas To Boost J-M War Production

To date at all Johns-Manville plants more than 1600 proposals to increase war production have been submitted to the War Production Drive committees at J-M plants by J-M employees

Of these more than half have been accepted and several hundred of the remaining are still under consideration.

97% Of J-Mers Buy War Bonds

With more than 97 percent of Johns-Manville employees pledged to purchase war bonds, Minute Man flags were unfurled simultaneously this week at all 76 J-M plant, mine and sales locations in the United States.

Certificates entitling organizations to fly the Minute Man flag are awarded by the U. S. Treasury Department where 90 percent or more employees are purchasing war bonds regularly.

Of the 76 J-M plant, mine and sales locations that have passed the 90 percent mark, more than half have set a record of 100 percent participation in the war bond program.

The nationwide ceremonies throughout the Johns-Manville organization were held at 4:50 P.M., Eastern War Time, Tuesday, July 14, 1942.

Lewis H. Brown, president of Johns-Manville Corporation, was the principal speaker at the unfurling of the Minute Man flag at the company's General Headquarters in New York As he gave the signal to unfurl the flag similar demonstrations were held at J-M's other locations throughout the country.

The latest report shows that out of a total of 12,714 J-M men and women, 12,351 are now buying war bonds

Warrant Out For Belmont Woman

Mrs. Kathleen Rousseau, former Belmont postmaster who faces arrest on a battery and disturbing the peace charge after she engaged in fisticuffs Friday with C. J. Messner, Belmont city judge, is in a state of siege with San Mateo County deputy sheriffs attempting to pin an arrest warrant on her.

Following the brief fight in which he suffered three blows, one of which knocked him through a showcase glass pane, Messner obtained a warrant for her arrest from Justice Hugh F. Mullin in San Mateo which fixed bail at $25 cash or $50 bail bond and specified that it should be delivered by the sheriff's office.

"He didn't want to force local officers to face her wrath," Messner explained.

Since then the sheriff's office has requested Belmont officers to "scout" the situation but repeated pushing of Mrs. Rousseau's doorbell have produced no results and the deputy sheriffs are now attempting to find her and deliver the warrant — with force if necessary.

The fight originally broke out when Messner would not guarantee that the Rosseau water supply would be connected within an hour.

Navy Office Issues Call for Specialists

Redwood City's navy recruiting sub-station today issued a call for blacksmiths, bulldozer operators, dredge operators, painters, pipe fitters and plumbers, pipe layer's powdermen, riggers, sheetmetal workers, steel workers, truck drivers, welders, pile drivers, wharf builders, bakers, clerks, cooks, divers, draftsmen, photographers, radiomen, stewards and storekeepers to serve in the "Seabees," new navy world-wide construction service.

Qualified men in the above classifications will be given petty officer ratings which parallel the trades and technical qualifications of their civilian occupations, it was announced.

CHILDREN START FIRE

Children playing with matches today were blamed for a three-quarter acre grass fire at Warington Ave. and Middlefield Rd. at 7:25 p.m. Saturday. The blaze was extinguished by the county fire department.

No Vacation This Year for Your Appliances

"It's a Wartime Necessity"

Duration-ize

YOUR APPLIANCES WITH TIMELY REPAIR

Of course, You and Your Family are going to ease the tension of these war times with some kind of a vacation this year. It is going to be good for you and yours to relax and become a world of your own, apart from the world. But there will be no vacation for the appliances in your home.

Every one of your appliances will be used more because you will be at home more these days. You will be taking better care of your home and its furnishings. That puts wartime duty upon your washing machine, your range, your vacuum cleaner, your refrigerator, your iron or ironer.

So it is up to you to keep all of your home appliances running smoothly and efficiently. They are the mechanized equipment on the home front. Duration-ize with timely repair. You will be wise to do it while factory-made replacement parts are still available.

SAFEWAY *Homemakers' Guide*

★ *A list of money-saving foods*
★ *A timely story with a moral*

This is a lesson in shopping that's worth reading

Because the war has made "time" more precious than ever before, it has become practically a patriotic duty to streamline our daily schedules as much as possible. This means our food buying habits must change. For one of the best ways to save time is to cut shopping trips down by planning menus and market lists a week in advance. These suggestions from the Safeway Homemakers' Bureau should help you in your planning.

Perishability is the best guide for dividing off your purchases. Staples like flour, salt, potatoes, canned and packaged goods can be bought weeks in advance. It's wise to replace them as soon as they're used, so you won't be caught short and, too, so you won't have to carry huge armloads at the end of the week.

Extra-heavy purchases can be saved for times when you'll have your car or can share a neighbor's, lightening your bundles on other days. And another thing, enough citrus fruits, bacon, coffee, butter, and eggs can be bought all in one trip to last a week or more. With these out of the way early in the week, you'll need to think only about buying perishable foods.

Foods that will keep 3 to 4 days without spoiling include most meats; vegetables like carrots, turnips, beets, parsnips, squash, egg plant, corn, tomatoes; most under-ripe fruits and the like. Buying these foods in advance saves extra shopping trips.

The most perishable foods, those which will keep only a day or two, are fresh green and leafy vegetables; ripe fresh fruits; fresh fish, chicken, and ground meats; fresh dairy products; bread, cake, pastry.

To get your money's worth in vitamins and minerals, use fresh leafy and green vegetables the same day you buy them. As soon as you get them home, wash them quickly in a small amount of water, drain, and keep them in a covered container in the refrigerator until just ready to use. Don't pare or cut the vegetables until just time to cook or serve. Exposure to warm air, soaking in water, and cutting vegetables all tend to cause loss of vitamins and minerals.

All about cooking weights and measures

Read the July 17th Family Circle article "Kitchen Arithmetic" for complete charts on weights and measures and equivalents used in cooking. Out Thursday, *free* at Safeway.

Army Glider Corps

U.S. 'Winged Commandos' Seen As Hint Of Air-Borne Allied Invasion of Europe

WASHINGTON — The Winged Commandos are organizing.

With its recent call for thousands of pilots to take special training in handling gliders, the Army Air Forces opened its doors to men who have been itching for a crack at the enemy on his home grounds.

Coming so soon after Lieut Gen. Henry H. Arnold, air forces commander, and other top-ranking army men conferred in London with Allied military leaders, the announcement indicated the manner in which the Yanks now in North Ireland might soon participate in a gigantic air-borne offensive into Axis-held Europe.

MUST BE ALERT

A promise of early action was seen in the statement that the courses just started would run only six weeks each. The first four weeks will be spent on light, powered planes at pilot training schools of the Civil Aeronautics Administration, with emphasis on dead-stick, power-off landings. Then comes a week on a cargo-type glider at army schools

While men up to 35 years of age will be accepted, and vision may be 20-40 corrected with glasses to 20-20, the job of glider pilot is definitely not one for a "softie," experts point out.

He must be continually on the alert to manage a glider behind a towplane in rapid flight. He must fly his craft high enough to keep from being bounced around in the plane's slipstream, but not so high that it will pull up the towplane's tail. If he is flying in formation as part of a tow "train," he must maintain his place in the "V" with absolute accuracy, lest his tow cable get snarled and imperil the whole train.

Unlike the pilot of a powered combat plane, he cannot simply fly to his objective and then return to his base. There are times when he must land in enemy territory, and be prepared to engage the foe. He may hope to be picked up, providing the glider was safely landed in a spot the towplane can reach. But there are innumerable ifs, and the Winged Commando must be able to maintain himself on hostile ground.

BLAST HOLES

His role in carrying the war to the Axis will be vital. Before large bodies of soldiers can be landed from naval transports, air-borne shock troops will have to clear the beach heads. The logical way to carry them will be in glider trains.

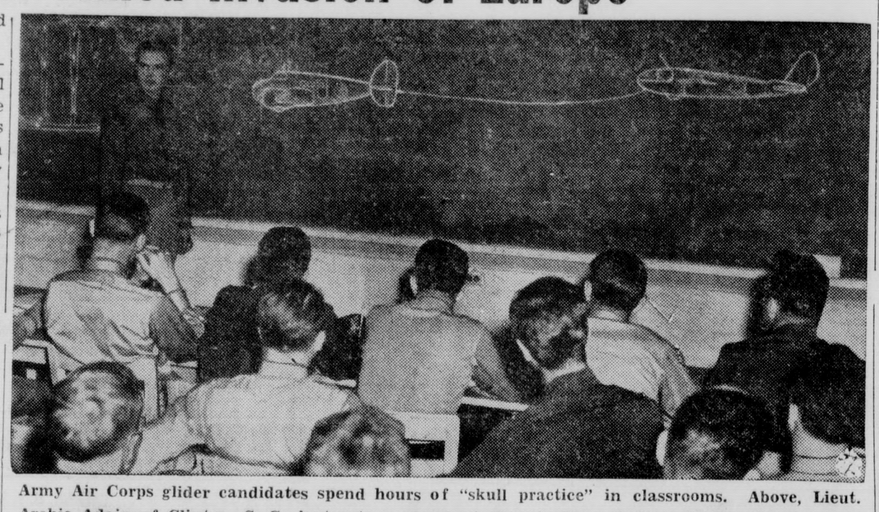
These may be loosed to glide in silently from a distance of as much as 30 miles, taking the enemy by surprise. In this case, very skilful piloting will be required to land at the right spot. Or, they may be towed close to the objective and their cargo dropped by parachute.

The cargo may be equipment as well as men, providing maximum fire power for the initial blow, and later, a fast and steady stream of supplies. General Arnold has declared that we must have gliders "capable of carrying at least 15 men each with full equipment including rifles, machine guns and even light cannon." A glider on which a small tank can be carried is expected soon.

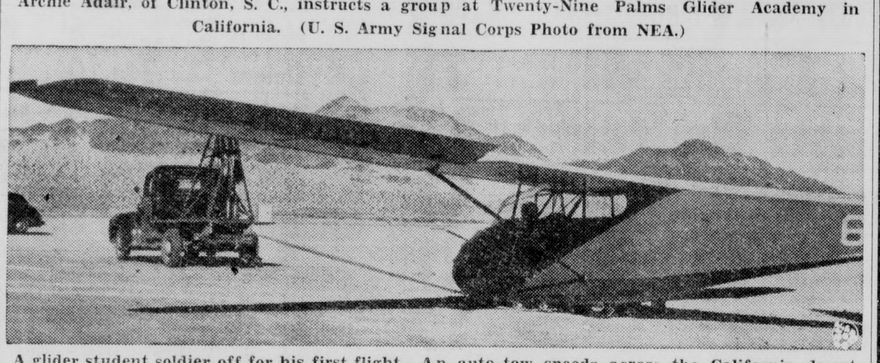
BIG RESERVOIR

In training glider pilots, the United States starts with a nucleus of almost 85,000 persons holding CAA licenses as private pilots of powered airplanes. It is from this group that the army expects to draw candidates ready for action after taking its six-week glider courses. Deemed particularly qualified among them are the 70,000 graduates of the CAA elementary pilot training courses.

The men who qualify as Winged Commandos will be rated as staff sergeants with flight pay, their compensation approximately $180 a month. Because of their exceptional opportunities for demonstration of leadership qualities, they will be in line for quick promotion to commissioned rank.



Army Air Corps glider candidates spend hours of "skull practice" in classrooms. Above, Lieut. Archie Adair, of Clinton, S. C., instructs a group at Twenty-Nine Palms Glider Academy in California. (U. S. Army Signal Corps Photo from NEA.)



A glider student soldier off for his first flight. An auto-tow speeds across the California desert until glider "takes off." (U. S. Army Signal Corps Photo from NEA.)

New Deal Senator Wins Renomination

OKLAHOMA CITY — Josh Lee, 50-year-old senator and unreserved New Deal champion, won Democratic renomination over nine opponents by a clear majority in unofficial returns from yesterday's primary election.

He defeated 72-year-old W. H. (Alfalfa Bill) Murray.

The Democratic nomination for governor was undecided, but Robert S. Kerr, national committeeman, clung to a few thousand vote lead over Gomer Smith.

Robber Charged In Alcatraz Slaying

SAN FRANCISCO — Cecil Snow, 33-year-old post office robber from Muskogee, Okla., was charged today with fatally stabbing Maurice M. Herring, 34, Indiana bank robber at Alcatraz prison yard.

Herring died of six stab wounds yesterday within an hour of the unexplained knifing with a prison weapon.

Noisy Children

They Wouldn't Be Quiet So She Shot the Father

SAN FRANCISCO — A 68-year-old woman was charged with murder today in the fatal shooting of Lucien Doyen, 38—climax to a long-standing argument over noise of the Doyen children made in the downstairs flat.

Police Inspectors Frank Ahearn and Al Corrasa said the woman, Mrs. Mary Slater, admitted the shooting but insisted Doyen had goaded her by constant insults.

Doyen, employe of the Southern Pacific Hospital, and father of three girls, died shortly after a bullet from the woman's .25 caliber pistol pierced his chest.

Officers said Mrs. Slater complained about the noise the Doyen children were making, and turned on her radio loudly and stomped on the floor when they failed to stop. Doyen then went upstairs to protest and was shot as his wife below called out, "Look out, she's got a gun!"

Residents Use Garden Hose on Grass Fire

Occupants of five homes facing the old golf course in Emerald Lake Monday afternoon took to their garden hoses to save their property from a wind-swept, five-acre grass fire.

One hedge and several fruit trees were scorched badly, the county fire warden reported, but no serious damage resulted. Two county fire trucks answered the alarm at 5:40 p.m., but one was stalled in a chuck hole caused by a broken water main on Lake View Way. The blaze swept to within 15 feet of the homes.

Alaska's natives retain their old medicine men in many places.

High School Starts New English Classes

Two new adult classes in English will start Monday night at Sequoia Union High School it was announced today by Mrs. M. P. Miller, instructor, U. S. Adult Education Service. Classes, open to men and women alike and for both native and foreign born, will be held from 6:45 to 8 p.m. and from 8 p.m. to 9:30 p.m. Registrations will be taken between 7 and 8 p.m. daily at the high school, it was announced.

CURFEW VIOLATOR HELD

Gino Giovannoni, 44, Portola stone mason, was arrested by Undersheriff Lawrence Nieri Monday on charges of violating the enemy alien curfew law several times in the past two weeks. He was book en route to U. S. immigration authorities.

SECOND FRONT CALLED TOUGHEST JOB OF WAR

WASHINGTON—If the Allies manage to set up and hold a "second front" on the European continent this year, you can credit them with doing the No. 1 Tough Job of the war.

Military authorities long have rated the invasion of strongly-defended hostile shores the hardest and most hazardous of operations. The now-proven destructive power of land - based aircraft against sea-borne invasion, together with two years of coastal defense preparation by the war-wily Germans, tabs an invasion of Europe as one of the most ambitious military projects of all time.

For the last five years the U.S. Army High Command has been making an intensive study of the problems of such an invasion. Unusual precaution has been taken to keep secret the findings of these experts.

Any tricks the strategists of the United Nations may have up their collective sleeve obviously are not being disclosed. There are, however, certain known major requirements considered essential to the success of such an invasion.

SHIPPING FIRST

A pre-requisite is shipping. The Allies probably could muster enough ships to transport a sizeable expeditionary force from the British Isles to the west coast of Europe and to keep it supplied. The problem would be to protect that shipping against disastrous losses, particularly from Nazi air attack. This means that the big A in the ABC's of what it would take to establish a second front, say in France or Norway, is continuous control of the air.

Mastery of the air is needed, first, to provide a complete and constant cover for ships carrying soldiers, tanks, anti-tank guns and a hundred-and-one supply items and second, to knock out the enemy's big guns, blast his rail and highway junctions and disrupt his troop concentrations. The biggest factor in Germany's smashing of French Army resistance and in Japan's victories in Malaya and the Dutch East Indies was supremacy in the air.

The temporary gaining of a beachhead, as the British Commandos have demonstrated, is not particularly difficult. Holding it is something else again. Shore defenders have the big advantage of being able to bring up troops, armored vehicles and heavy artillery by highway and railway much more quickly than invaders who must disembark men and cumbersome weapons from ships.

The amount of shipping required would depend on the size of the expedition and where the invasion was made. It would depend also on the size of weapons needed for successful warfare in the invaded area or areas. Obviously fewer ships, making more frequent trips, would be needed to ferry supplies to a force across the English channel than to one in more distant Norway.

BOTH HAVE POSSIBILITIES

It would be easier also for planes based in Great Britain to keep a "cover" over the narrow channel and to protect an invasion army in France than to provide similar shields for an expedition to Norway. On the other hand, Norway's rugged shore and "rock rampart" of islands might afford better shelter for invaders who got a toe-hold there.

The whole invasion operation would require infinite planning and smart generalship. Ships would have to be loaded and operated with an eye to swift, efficient delivery of soldiers, weapons and supplies and to minimum loss if they were badly damaged or sunk.

A force of 500,000 to 600,000 well-trained soldiers, with the best equipment and very able leadership, probably could give the Nazis some real trouble in their "backyard," forcing them to rush up reserves from Germany. This might take considerable pressure off the Russians. But for an invasion army of that size to be really effective it needs, above all, CONTINOUS CONTROL OF THE AIR.

British Lion Is a Lady

All dolled up, Dolly, 11-month-old lioness, mascot of a South African Pioneer Corps in the western desert, poses pleasantly for portrait. (Passed by censor.)

Fire Causes $500,000 Damage in Ontario

MIDLAND, Ont. (U.P.)—Fire which destroyed two naval craft and a large building at the Midland Boat Works in a half hour and then spread to the Canadian National Railways station and other buildings caused $500,000 damage in the center of Midland Tuesday night.

The flames were spread by a high wind and flying sparks started small fires as far as two miles from the central blaze. Many residents went to their roofs to stamp out the sparks. Midland firemen, assisted by firemen from Barrie, Orillia and Penetanguishene and many volunteers, prevented the flames from spreading to the Midland Shipbuilding Co. where other naval vessels are being constructed.

Muskrats Help Indians Keep Wolf From Tepee

THE PAS, Man. (U.P.)—Muskrat catching on the Summerberry Conservation Project near this northwestern Manitoba town provides Indians with a revenue of $25 monthly and keeps many Indian families off relief, government officials announced.

The muskrat skins are graded by the government and then auctioned to buyers. The catch is restricted to 300 rats a year, yielding an average annual income of $300 to persons given permits to catch the animals each Spring. Indian game wardens are employed on the 170,000-acre project to guard against poaching.

Maritime Service Coast Guard Seek Men

San Francisco office of the U. S. Merchant Marine today called for men between the ages of 18 and 30 to fill hundreds of vacancies on American merchant vessels. The enrolling officer is at 312 California St., San Francisco.

Meanwhile the U. S. Coast Guard called attention of high school graduates to coast guard service opportunities and extended recruiting office hours at 110 Custom House, San Francisco from 8 a.m. to 9 p.m.

Golden Gate Bridge May Boost Tolls

SAN FRANCISCO (U.P.)—A Golden Gate Bridge district committee considered recommendations today by the district's traffic consultant that the toll schedules be revised to increase commuter rates.

The committee on highways, roads and traffic, headed by A. R. O'Brien, Ukiah, studied a proposal to increase by 50 per cent the cost of one type of commuter ticket and to abolish another type.

NO SMOKES, MEN STRIKE

FLINT, Mich. (U.P.)—A strike that followed the suspension of a number of workmen for smoking affected half the day shift today at the tank plant operated by the Fisher division of General Motors Corp., near Flint.

Volunteers Take Oath

Two hundred twenty-four Redwood City civilian defense workers were certified at ceremonies at the McKinley School Auditorium Tuesday. The group which was the first to complete training, received arm bands, insignia and certification cards.

Stewart Ward, secretary of the San Francisco Commonwealth Club and a resident of Atherton, explained the steps taken in civilian defense programs since Dec. 7. He told of the war conditions throughout the world today and how they affect the United States and illustrated his talk with a map of the world.

Edward I. McAuliffe, chief air raid warden, administered the oath of the volunteers. Alfred Morton and Sergt. W. H. Thorpe distributed the bands and insignia.

Mayor Floyd D. Granger gave a brief talk and commended the workers for the time and effort they have put in on their training. Hours of training varied from seven to 40 hours, according to City Manager C. L. Dimmitt. Minimum for most courses was more than 20 hours.

The Redwood City Municipal Band played during the program.

The Federal Farm Census finds the average size of farm in 1940 was 174 acres. In 1930 it was 156.9 acres.

Menlo Circus Club Plans Barn Dance for August

MENLO PARK—August first has been reserved on the Menlo Circus Club calendar as the date for a barn dance for the younger set members of the club. It will follow the opening day of play in a special junior team match tennis tournament set for Aug. 1 and 2 on the Circus Club courts. Junior members of the Menlo Country Club and the Burlingame Country Club are being invited to join in the competition.

Peggy Adams and Skeeter Ehrman will captain the teams from the Circus Club, which will be made up from the club ladder.

Four hostesses entertained parties of friends at a buffet luncheon at the Circus Club today. Mrs. William Gilmore was hostess to seven friends; Mrs. Burkhardt Wurts had ten guests. Mrs. Garton Keyston entertained a party of five, and Mrs. James Howell also was hostess to five.

★ ★ ★

Reservations for tonight's "cook's night out," barbecue at the Circus Club have been made by Mr. and Mrs. J. Avery Smith, who will have two guests; Mr. and Mrs. Ted Rooney, who will have one guest; Mr. and Mrs. William Mahaney; Charles Morse, who will entertain two friends; Mr. and Mrs. William Jason, Mr. and Mrs. William Gilmore, who are taking two friends, Mr. and Mrs. Frank Walker, Mr. and Mrs. Robert Stanton, Mr. and Mrs. John Speyer, Mr. and Mrs. Claude Rolfe, Dr. and Mrs. Ernest Sultan, who will have one guest; Mr. and Mrs. Vincent Hobbs, Mrs. Heber Tilden, Mrs. Rowena Nyman, who will entertain three friends; Mr. and Mrs. King Parker, and Dr. and Mrs. Leon Cuenin, who will have two guests.

There will be a luncheon ride from the Circus Club on Sunday, with a brand new destination promised for the equestrians. Looking forward to a full moon on Monday night, July 27, the club has scheduled a moonlight ride to Searsville Lake for that evening.

★ ★ ★

Winners of the junior tennis championship tournament held at the Menlo Country Club over the past week end—on Saturday and Sunday — were Ted Tight for the boys and Libby Naffziger for the girls. Ted defeated John Himan, and Libby won over Mary Collyer 6-4, 4-6, 6-3, in the finals. Other entries were Skippy Morrissey, John Brooke III, Carl Hoag, Frank Walker, Robert Brooke, Barbara King, Lyle Davis, Belle Clegg, Mary Hoag, Margaret Hayes, Simone Hotaling, Sally Fay, Jackie Collins, Katherine (Chichi) Morrissey, Polly Ross and Molly Shaw.

One hundred three members of the club turned out for the "cook's night out" dinner last week, and already many reservations have come in for this week's similar affair.

A mixed doubles tennis tournament for juniors of the Menlo Club is planned for July 25, with a dinner dance for the young set following that evening. Mrs. Edmund Morrissey is making the dinner arrangements.

Furber M. Libby Now First Lieutenant

Furber M. Libby, Redwood City architect, has been commissioned a first lieutenant in the army and left yesterday for Camp Williams in Utah for a refresher course. He was a second lieutenant in World War I, in the military police branch.

Public Notice

Russell W. Cantrell, Atty.
NOTICE OF HEARING OF PETITION TO LEASE PROPERTY
No. 9729—Dept. No. 1

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of RAFFAELINA SCHENONE, Deceased.

Adolf Schenone, executor of the last will and testament of Raffaelina Schenone, deceased, having filed herein his verified petition praying for an order to lease certain property of the estate, in the petition and hereinafter described, and alleging that it will be for the advantage of the said estate to lease said real property:

NOTICE IS HEREBY GIVEN to all persons interested in the estate of Raffaelina Schenone, deceased, to appear before the Superior Court, in Department 1 thereof, at the Courthouse in the City of Redwood, County of San Mateo, State of California, on the 27th day of July, 1942, at 10 o'clock a.m., then and there to show cause, if any they have, why the real estate hereinafter described should not be leased by the said executor of the said estate for a period of three years from the 1st day of September, 1942, at a monthly rental of $120.00, upon the terms and conditions in the lease accompanying and made a part of the petition of said executor, on file herein, to which said petition reference is hereby expressly made for further particulars;

Said real estate so proposed to be leased is all that certain lot, piece or parcel of land, situate in the County of San Mateo, State of California, and more particularly described in "Exhibit A," which is hereunto annexed, specifically referred to, and made a part of this Notice.

Dated: July 16, 1942.
W. H. AUGUSTUS, Clerk.
By ALMA PAGANINI, Deputy Clerk.
RUSSELL W. CANTRELL,
Attorney at Law,
703 Market St.,
San Francisco, Calif.
(Endorsed) Filed July 16, 1942.
W. H. AUGUSTUS, Clerk.
By ALMA PAGANINI, Deputy Clerk.
Redwood City Beacon
July 17, 24, 1942

EXHIBIT "A"

All that certain real property situate in the County of San Mateo, State of California, described as follows:

Parcel One:

BEGINNING at a point in the northeasterly line of the County Road, known as the San Francisco and San Jose Road, which said point is 12.86 chains along the northeasterly line of the said road from the intersection of the said line with the northerly line of a country road 50 feet wide running along the southeasterly line of the Tomasso Cresta Tract and running thence from the said point of beginning North 43°10' East 50.51 chains to a point in the southwesterly boundary line of the Rancho Canada de Guadalupe la Visitation, said point being 4.09 chains along the said boundary line from the most easterly corner of the Tomasso Cresta Tract; thence on and along the southwesterly boundary line of the said Rancho North 55°30' West 3.10 chains; thence leaving Rancho boundary line and running South 43°10' West 49.16 chains to a point in the northeasterly line of the San Francisco and San Jose Road above mentioned; thence South 42°45' East 6.04 chains on and along the northeasterly line of the said road to the place of beginning. Containing 30 acres.

Foregoing courses run on a magnetic variation of 16°45' East; surveyed April 1st, and 5th, 1899; W. B. Gilbert, County Surveyor of San Mateo County.

EXCEPTING THEREFROM all that certain parcel of land conveyed by Deed from G. Schenone and Raffaelina Schenone, his wife, to Louise Capurro dated August 16, 1927, and recorded August 16, 1927 in Book 317 of Official Records of San Mateo County at page 40.

Parcel Two:

Lots 2, 3 and 4 in Block 220, as designated on the map entitled "MAP OF THE LANDS OF THE ABBEY HOMESTEAD ASSOCIATION" which map was filed in the office of the Recorder of the County of San Mateo, State of California on January 2, 1872 in Book 15 of Deeds at pages 2 and 3 and a copy entered in Book 1 of maps at page 14.

ALSO EXCEPTING FROM SAID 30-acre tract that certain portion thereof conveyed by Adolph Schenine, George Schenone and Raffaelina Schenone to G. B. Ferreccio and Elvira Ferreccio, his wife, by Deed recorded May 14, 1940 in Book 902 of Official Records of San Mateo County at page 38.

ALSO EXCEPTING FROM SAID 30-acre tract that certain parcel of land described as:

BEGINNING at a point which bears South 42°07'50" East 76.51 feet and North 43°10'10" East 340.07 feet from the most southerly corner of that certain parcel of land conveyed by Adolph A. Schenone to Umberto Capurro and wife, by Deed dated July 2, 1928 and recorded July 2, 1928 in Book 365 of Official Records of San Mateo County at page 80; said point being on the southwesterly line of a roadway; running thence from said point of beginning North 41°49'20" West, along the southwesterly line of said roadway, 146.19 feet to a point; thence following the northwesterly, southwesterly and southeasterly lines of a Cypress hedge the following Courses and distances:

South 46°37'10" West 88.73 feet; South 42°45'20" East 144.90 feet and North 47°26'40" East 86.34 feet to the point of beginning; containing 0.292 of an acre and being a portion of the Schenone 30-acre tract.

What You Buy With WAR BONDS

It's not a pleasant picture to contemplate, but War calls for "blood and sweat and tears." And the Army Medical Corps, with its efficient nurses and its volunteer Red Cross "Angels of Mercy," needs thousands of surgical beds for field and base hospitals on every front.

These beds cost approximately $22 each. They are the latest thing in modern hospital beds, with elevating springs. In some instances surgical cots are used in temporary field hospitals and there is a folding bed which may be used in ambulances. Your purchase of War Bonds and Stamps can buy many of these beds for the Army. You'll sleep better if you know our boys have every hospital comfort. Buy War Bonds every pay day. Invest ten percent of your income.

U. S. Treasury Department

BUILDING PERMITS HIGH

With building permits in Redwood City Tuesday for 1942 amounting to $794,523 in comparison with $788,373 last year for the same period, Building Inspt. L. M. Duncan announced that over the state the total Tuesday was $19,875,929 in comparison with $31,889,657 for last year.

Navy Wants Men With Legal Training

The navy today called for men with legal training between 23 and 40 for intelligence work; and graduate civil, mechanical, electrical engineers; and trained recreational workers with five years or more experience with schools or municipalities. Commissions are offered.

JOSEPH DAY RESIGNS

MENLO PARK — Joseph Day, who concluded his two-year term as mayor of Menlo Park last April and since has held the position of police commissioner on the city council, has tendered his resignation from both posts. He gave as the reason his pre-occupation with a defense job in South San Francisco.

SULLIVAN RETURNS

Asst. Dist. Atty. Daniel E. Sullivan of Menlo Park has returned to his office at the courthouse in Redwood City after a brief illness.

Brazil has always been the largest single supplier of beeswax to the United States, according to the Department of Commerce.

Miles To Form Conservation Group

Ferris W. Miles, chairman of the Redwood City Traffic Safety Committee, is today forming a new committee after his appointment by Mayor Floyd D. Granger as chairman of the Committee for the Conservation of Vital War Transportation.

Granger said the committee would be created at the request of the Office of Civilian Defense in Washington and would seek ways and means of encouraging civilians to conserve rubber tires by doubling up on auto trips and by observing tire-saving speed limits.

Miles said he would announce his committee and plan of action within the week.

Louisiana has a town named Sun.
